ANNUAL PROGRESS REPORT ON THE GOALS AND TARGETS WE COMMITTED 2025-2026

SUSTAINABLE DEVELOPMENT GOAL PROGRESS

INTRODUCTION

NAVOI STATE UNIVERSITY (NSU) IS DEEPLY COMMITTED TO ADVANCING THE UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS (SDGS), WITH A FOUNDATIONAL INSTITUTIONAL FOCUS ON SDG 4: QUALITY EDUCATION. THROUGH INCLUSIVE ACADEMIC PROGRAMS, INNOVATIVE TEACHING METHODOLOGIES, DIGITAL TOOLS INTEGRATION, FACULTY DEVELOPMENT, AND LIFELONG LEARNING INITIATIVES, THE UNIVERSITY ACTIVELY STRIVES TO ENSURE EQUITABLE, HIGH-QUALITY EDUCATION AND PROMOTE LIFELONG LEARNING OPPORTUNITIES FOR ALL.

KEY TARGETS AND ACTIONS:

INCLUSIVE & EQUITABLE ACCESS:

PROVIDE EQUAL EDUCATIONAL OPPORTUNITIES AND SPECIALIZED SUPPORT SYSTEMS FOR STUDENTS FROM DIVERSE SOCIOECONOMIC BACKGROUNDS, VULNERABLE GROUPS, AND REMOTE REGIONS.

ACADEMIC EXCELLENCE & MODERN CURRICULA:

CONTINUOUSLY UPDATE DEGREE PROGRAMS, TEACHING STANDARDS, AND RESEARCH FRAMEWORKS TO ALIGN WITH NATIONAL DEVELOPMENT STRATEGIES AND INTERNATIONAL HIGHER EDUCATION STANDARDS.

DIGITAL TRANSFORMATION & INNOVATION:

INTEGRATE MODERN DIGITAL TOOLS, E-LEARNING PLATFORMS, AND INTERACTIVE RESOURCES (SUCH AS QR-CODE-SUPPORTED LEARNING MATERIALS AND ADVANCED DIGITAL MANAGEMENT SYSTEMS) INTO THE EDUCATIONAL PROCESS.

LIFELONG LEARNING & COMMUNITY OUTREACH:

OFFER PROFESSIONAL DEVELOPMENT COURSES, CONTINUOUS ADULT EDUCATION PROGRAMS, AND OPEN EDUCATIONAL EVENTS THAT BENEFIT THE BROADER REGIONAL COMMUNITY.

1. FREE ACCESS TO CAMPUS FACILITIES

Navoi State University provides members of the wider community with free access to physical facilities, educational resources and equipment that support learning, information access and independent study. These resources include libraries and reading spaces, computers, Internet access, printers, scanners, projectors and other information and communication technologies.

The University's Information Resource Centre and other library facilities provide access to extensive printed and electronic learning resources, while dedicated computer and study facilities enable community members to use digital technologies and educational equipment for learning and information-related activities.

The University also provides resources designed to support inclusive access to learning, including audiobooks, assistive technologies and specially equipped reading and study spaces. Through these facilities, Navoi State University extends the use of its educational infrastructure beyond its enrolled student population and supports lifelong learning and self-directed education within the wider community.

Navoi State University operates a network of 13 libraries located across Navoi city. The University's main Information Resource Centre (IRC) serves as a major library and information facility supporting education, research, independent study and access to learning resources. The library service has developed from its establishment in 1983 and has expanded into a modern information and learning centre providing access to printed, electronic and accessible educational resources.

Facility Description

The Information Resource Centre provides dedicated spaces for reading, independent study and access to library resources. The Centre includes:

8 study halls;
4 subscription rooms;
library and reading facilities for independent study;
access to printed educational and academic literature;
access to electronic library resources;
specialised resources supporting users with disabilities.

LEARNING

The Centre is designed to support students, academic staff, researchers and other users who require access to educational and information resources.

Library Collection and Educational Resources

The current library collection includes 132,293 copies of books in 17,560 titles.

The collection includes resources in several languages, including:

Uzbek: 87,775 copies / 13,978 titles;

Russian: 39,962 copies / 2,834 titles;

English: 3,500 copies / 503 titles;

resources in French, German, Kazakh and other languages.

The collection includes:

textbooks – 13,122 copies / 1,210 titles;

teaching manuals – 30,945 copies / 2,174 titles;

additional educational literature – 37,302 copies / 7,888 titles;

fiction – 50,924 copies / 6,288 titles.

The Centre also provides access to **158,109 full-text electronic resources in 35 subject** categories through its electronic library portal system.

Inclusive and Accessible Learning Resources

The Information Resource Centre has expanded its collection and facilities to support learners with visual and other disabilities.

The library provides more than 300 audiobooks and specialised hearing-support equipment. It also has facilities and software supporting users with visual impairments, including NVDA software and audio learning resources.

In addition, the library collection currently includes 8 titles and 88 copies of textbooks and learning resources printed in Braille. These materials provide direct access to academic content in an accessible format for visually impaired learners.

The Braille materials were provided through the ARM fund under the Higher Education Development Research Center of the Ministry of Higher Education, Science and Innovation of the Republic of Uzbekistan.

2. PUBLIC COMPUTER ROOM – FREE ACCESS TO COMPUTERS AND ICT EQUIPMENT

Navoi State University provides a dedicated computer facility equipped with information and communication technologies to support learning, access to digital information and independent educational activities.
The facility forms part of the University's educational infrastructure and provides users with access to computers and related technical equipment.
The Public Computer Room is a fully equipped learning and ICT facility designed to provide users with access to computers and essential office and educational technologies.

Available Equipment and Resources
The computer room is equipped with:

desktop computers;
Internet access;
printers;
copiers;
other ICT and office equipment supporting educational and information-related activities.
Photographs and an equipment inventory may be attached as supporting evidence.

Free Access

The computer room is provided for free use by members of the public and other non-university users, subject to the University's access arrangements.
Users do not have to pay a fee for access to the computers and associated equipment provided through the facility.

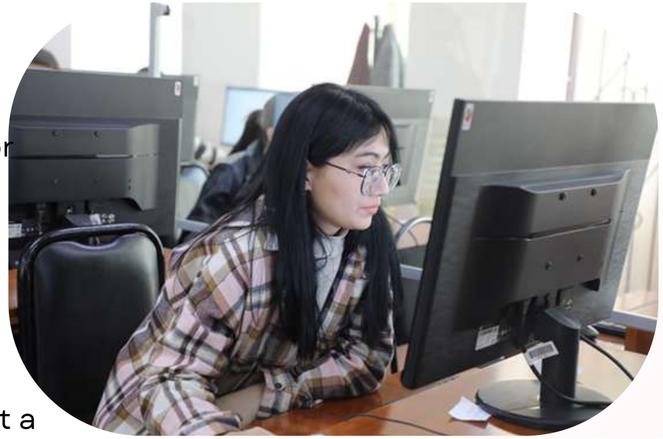

3. TESTING CENTRE – NAVOI STATE UNIVERSITY

Navoi State University maintains a dedicated testing centre equipped with computer workstations and the infrastructure required to conduct computer-based examinations, assessments and testing activities. The facility is also made available to organisations outside the University through formal cooperation arrangements.

Use by External Organisations:

As part of its cooperation with external organisations, Navoi State University provides the premises and testing infrastructure free of charge for the organisation and administration of testing activities. This allows external institutions and groups to use an appropriate, computer-equipped educational facility without paying a separate fee for the use of the University's premises.

The facility has been used, under relevant agreements and arrangements, for

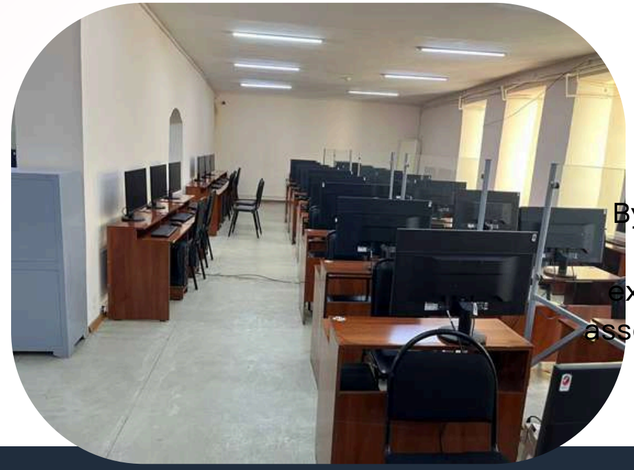

testing activities involving:

the State Testing Centre;

schools;

bank employees;

employees of factories and industrial enterprises.

Contribution to Access to Educational and Professional Assessment:

By making its testing infrastructure available to external organisations without a facility-use charge, the University supports access to suitable conditions for examinations, knowledge assessment, professional testing and other organised assessment activities. This cooperation enables organisations to conduct testing in an equipped academic environment while making effective use of existing University infrastructure for the benefit of non-university users.

1. FREE COURSES

1.1. English Academy

The English Academy, established in 2022 under the Faculty of English Language and Literature, provides free English-language learning opportunities for students, graduates, university staff and members of the wider community. The Academy offers General English and examination-oriented preparation, including CEFR/Multilevel and IELTS-related preparation. The English Academy courses are provided free of charge to eligible participants. No course fee or tuition payment is required for participation.

CERTIFICATE OF COMPLETION

THIS CERTIFICATE IS PROUDLY PRESENTED TO

Muxammadov Sardor

for successfully completing the General English Course at English Academy.
The course was designed to develop and strengthen the learner's skills in Speaking, Listening, Reading, Writing, Grammar, and Vocabulary.
We congratulate the learner on this achievement and wish continued success in their English language journey.

ENGLISH ACADEMY
DATE: 30.06.2026
CERTIFICATE NO.: 22268401
INSTRUCTOR: M.T.G'APPAROVA

English Academy

CERTIFICATE OF COMPLETION

THIS CERTIFICATE IS PROUDLY PRESENTED TO

Yoqubov Mumtozoxun

for successfully completing the IELTS Preparation Course at English Academy.
The course provided comprehensive preparation for the IELTS examination, with focused practice in Listening, Reading, Writing, and Speaking, as well as examination strategies and academic language development.
We congratulate the learner on this achievement and wish them every success in their future academic and professional endeavors.

ENGLISH ACADEMY
DATE: 30.06.2026
CERTIFICATE NO.: 22268420
INSTRUCTOR: E.V.YUGAY

English Academy

- **Programme and Course Description**

The English Academy provides structured English-language learning opportunities at different levels and for different learning purposes. Its programmes include:

General English – development of core English-language competencies, including speaking, listening, reading, writing, grammar and vocabulary;

CEFR/Multilevel preparation – preparation for language proficiency assessment, with a focus on developing the skills required at different CEFR levels and improving examination performance;

IELTS preparation – development of the language and examination skills required for IELTS, including reading, listening, writing and speaking strategies.

The courses combine language instruction with practical activities designed to improve learners' communication skills, language accuracy and confidence in using English. The programmes are provided free of charge and are accessible to learners beyond the University's formal degree programmes.

- **Course period:** January-June 2026
- **Frequency:** Regular classes are conducted according to the English Academy's weekly schedule.
- **Duration:** 24 weeks

1.2. Tomdi Language Learning Centre – Free Foreign Language Learning Programme

The Tomdi Language Learning Centre was established at Navoi State University in accordance with relevant presidential decisions aimed at expanding access to foreign-language education for young people in Tomdi District.

The Centre provides regular foreign-language classes in English, Russian, German and French, delivered by faculty members of Navoi State University. It serves as a community-based learning initiative that extends access to foreign-language education beyond the University's enrolled student population.

The Centre supports the development of practical foreign-language skills among young people in the local community and provides an opportunity to participate in structured educational activities free of charge.

Programme / Course Description

The Free Foreign Language Learning Programme at the Tomdi Language Learning Centre provides regular instruction in English, Russian, German and French for young people from the local community.

1.3. Free Educational Workshops and Open Lessons for School Pupils – Karmana District School No. 27

Navoi State University organized an educational outreach programme at School No. 27 in Karmana District to provide school pupils with additional learning opportunities and practical educational activities.

The programme involved university faculty members and students who conducted educational and interactive activities for pupils as part of the University's community outreach and lifelong learning activities.

Programme / Workshop Description

The programme consisted of a series of free educational activities designed to support pupils' engagement in learning and provide opportunities for practical and interactive education.

The activities included:

practical educational seminars;

open lessons in mathematics, English, Russian and the native language;

master classes;

psychological training activities;

interactive learning exercises;

educational and cultural activities.

4 QUALITY EDUCATION

1.An educational practical seminar was held on the topic "Prevention of addiction to psychoactive substances".

At the seminar held at the youth center, experts gave insights into the goals and tasks of preventing addiction to psychoactive substances and other aspects. Dilfuza Abduraimova, psychologist of the Navoi State University, also participated in the seminar with her lecture.

2.SEMINAR-TRAINING ON SIMPLIFYING PUBLIC SERVICES UNDER THE "BUREAUCRACY REDUCTION – 2030" PROGRAM

As part of the nationwide "Bureaucracy Reduction – 2030" program, a specialized seminar-training was organized at the Ministry of Higher Education, Science and Innovations. The event focused on auditing, improving, and optimizing public service delivery while reducing bureaucratic procedures. Representatives from the Project Office of the Agency for Strategic Development and Reforms under the President of the Republic of Uzbekistan, along with key personnel from the Ministry and its regional system organizations, participated in the workshop to advance administrative efficiency and capacity building.

3.NAVOI STATE UNIVERSITY HELD AN EDUCATIONAL SEMINAR ON "ENLIGHTENMENT AGAINST IGNORANCE" FOR YOUTH

Navoi State University hosted a spiritual and educational seminar titled "Enlightenment Against Ignorance" to foster critical thinking, social responsibility, and intellectual maturity among students. The event brought together university professors, campus leadership, field experts, and youth to discuss the role of education in safeguarding society from harmful ideologies.

During the seminar, keynote speakers addressed critical topics, including the transformative power of knowledge in personal development, the negative societal impacts of ignorance, and effective strategies for building ideological immunity among youth. Interactive discussions emphasized the importance of fostering independent thinking and ethical awareness in higher education.

4. Navoi State University organized a community capacity-building workshop and training program on the topic "Global Perspectives and Practical Solutions in Elementary Education."

Designed to enhance the professional qualifications of primary school teachers and educators from the region, the program focused on practical applications of modern pedagogical technologies, digital integration in early education, and methods for fostering critical and creative thinking among young learners. International experts and experienced educators from Uzbekistan, Kazakhstan, Turkey, South Africa, and the Philippines conducted interactive masterclasses, sharing innovative teaching methodologies and actionable classroom strategies with local educators and community members to improve the overall quality of primary education.

6.NAVOI STATE UNIVERSITY HOSTED A CULTURAL EVENT WITH THE MUQIMI STATE ACADEMIC THEATER FOR INTERNATIONAL THEATER DAY

As part of the nationwide "Theater Performances Week" celebrating International Theater Day on March 27, Navoi State University hosted an inspiring cultural event featuring the creative ensemble of the Muqimi Uzbekistan State Academic Musical Theater. The initiative enriched campus spiritual life and promoted cultural engagement among students and the broader university community.

The meeting featured renowned Honored Artists of Uzbekistan–including Turgun Beknazarov, Odina Goziyeva, Mehmonali Salimov, and Gulchehra Nosirova. The artists engaged in an open, heartfelt dialogue with students, sharing insights into their creative journeys, stagecraft, and passion for performance art as part of their regional tour running through March 29.

5. Navoi State University organized an Open Doors Day event under the theme “Fighting Corruption Is Our Common Duty!”

as part of its commitment to promoting transparency, integrity, and civic responsibility within the academic community.

The event was initiated by the university’s Compliance Control Department for Anti-Corruption Management and brought together representatives from regional political party councils, non-governmental organizations, national cultural centers, parents, media representatives, university staff, and students.

During the event, participants discussed the importance of preventing corruption, strengthening ethical standards in education, and fostering a culture of honesty and accountability. Open dialogue and joint initiatives were emphasized as essential tools for ensuring integrity in all spheres of university and community life.

7. Navoi State University Hosts Public Cultural And Literary Outreach Event Celebrating Female Creative Leadership

Navoi State University hosted a literary and artistic evening titled "I am Proud to Be an Uzbek Girl!" dedicated to the creative work of Naima Anvarova–a member of the Writers' Union of Uzbekistan, laureate of the State Zulfiya Award, and author of numerous children's literature initiatives. The event was organized by the Department for Youth Affairs, Spiritual and Educational Work in collaboration with the Navoi Regional Branch of the Writers' Union of Uzbekistan.

The session engaged students interested in children's literature and members of the "Mushoira" young creators club. Doctor of Philological Sciences, Professor A. Kholmurodov delivered a keynote lecture highlighting the role and importance of Naima Anvarova's literary contributions to modern Uzbek children's literature. Furthermore, her multifaceted achievements across journalism, arts, and youth moral education were comprehensively discussed.

CONFERENCES

1. Innovative Workshop in Preschool Education: Open Dialogue Between Students and Employers

An innovative practical workshop was organized at the Faculty of Preschool and Primary Education of Navoi State University.

The event was held in an open dialogue format with industry leaders and employers, serving as an important platform for students to exchange professional experience.

Adolat Egamova, Director of State Preschool Education Organization No. 26 in Navoi City, Navoi Region, participated in the workshop.

During the event, students had the opportunity to receive answers to their questions, engage in direct communication with employers, and obtain essential recommendations for their future professional careers. The workshop made a strong impression on all participants through its practical significance and interactive atmosphere.

2. INTERNATIONAL CONFERENCE ON FOREIGN LANGUAGES AND DIGITAL TECHNOLOGIES FOR MODERN CAREERS

Navoi State University, in collaboration with the international scientific journal "Science and Innovation," hosted an international scientific-practical conference titled "Foreign Languages and Digital Technologies as Key Factors in Preparing Youth for Modern Careers" at the regional Youth Center.

Organized by the Department of Applied English Science, the public academic event brought together local and international university professors, researchers, and students. Opening remarks were delivered by Vice-Rector for Research and Innovation S. Khujjiyeu, presenting the welcoming address from Rector M. Kalonov. The conference provided an open platform for community knowledge-sharing, digital skill integration, and global educational collaboration.

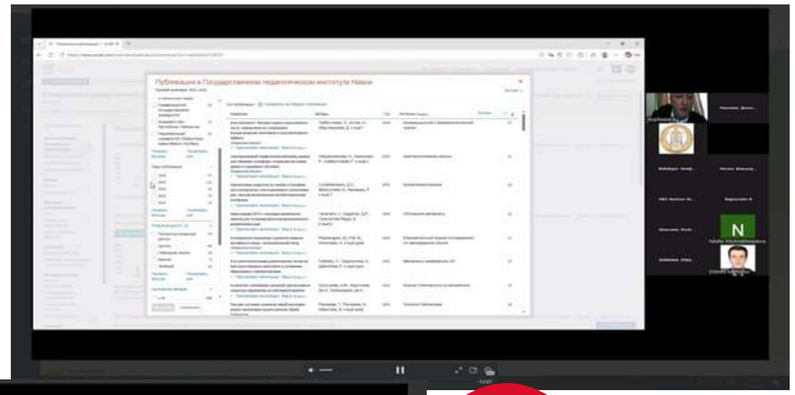

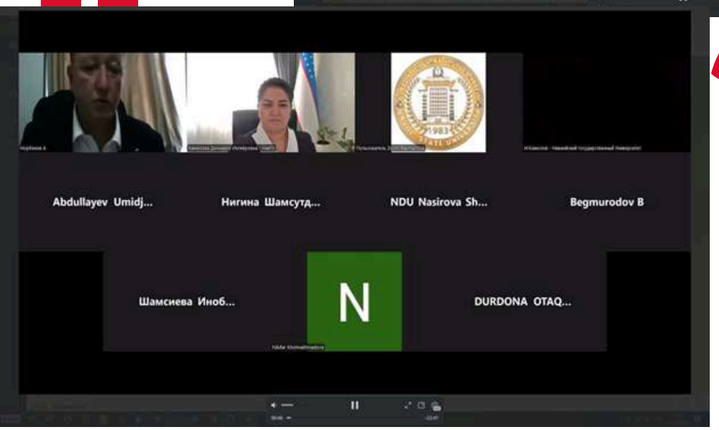

3. SEMINAR-TRAINING ON INTERNATIONAL SCIENTIFIC PUBLISHING FOR YOUNG RESEARCHERS

Navoi State University hosted an online seminar-training dedicated to publishing research articles in prestigious international scientific databases for young researchers.

During the interactive session, key topics were thoroughly discussed: Requirements for preparing and publishing manuscripts in journals indexed in Scopus, Web of Science, and other international databases; Effective strategies for increasing researchers' h-index and enhancing scientific visibility through international publications.

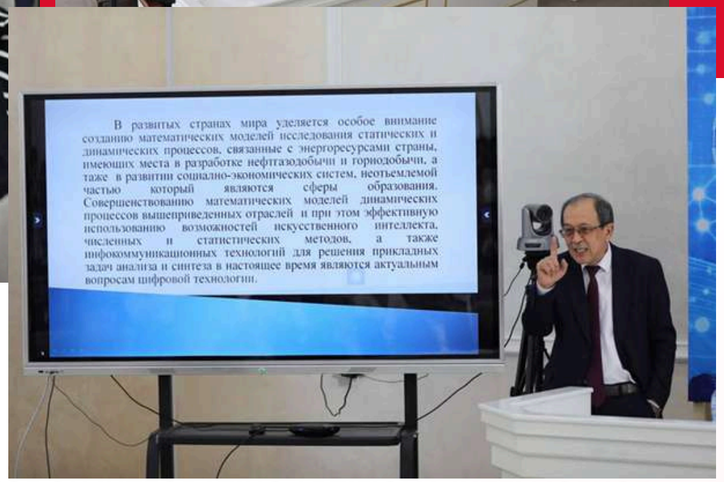

The workshop provided actionable guidance and expert advice, serving as a capacity-building platform to support continuous professional development and research excellence among young scholars.

4.NATIONAL SCIENTIFIC-PRACTICAL CONFERENCE ON INTEGRATING ARTIFICIAL INTELLIGENCE TECHNOLOGIES INTO SCIENCE AND EDUCATION

A national scientific-practical conference titled "Experience, Challenges, and Prospects of Implementing Artificial Intelligence Technologies in Science and Education" was held at Navoi State University.

The primary objective of the conference was to widely implement artificial intelligence technologies into educational and scientific activities, identify existing challenges in the field, popularize advanced practices, and develop proposals and recommendations for promising future directions.

During the event, issues related to the role of artificial intelligence in the educational process, digitalization, cybersecurity, robotics, as well as enhancing the quality of education based on modern pedagogical approaches were discussed in detail.

Professors and instructors from higher education institutions, scientific researchers, specialists, and students actively participated in the conference, exchanging views and sharing innovative ideas as well as practical experiences.

It is worth noting that this conference serves to develop artificial intelligence in our country, effectively integrate it into the science and education system, and fulfill the priority tasks established in the "Digital Uzbekistan – 2030" strategy.

EDUCATIONAL OUTREACH AND COMMUNITY ENGAGEMENT ACTIVITIES

1.The integration of local schools and vocational colleges is a policy of Navoi State University

Navoi State University continues to strengthen cooperation with local schools and actively supports educational outreach and career guidance activities.

Faculty members of the Faculty of English Language and Literature at Navoi State University organized a practical seminar for teachers of Secondary School No. 34 in Konimex District. The seminar focused on modern educational technologies and practical approaches to integrating these technologies into the teaching and learning process.

.2. Univesity Engagement and Educational Outreach in Local Schools

On 17 November, Navoi State University organized a literary and educational meeting as part of the “Ma’rifat Ulashib” initiative, with the participation of members of the Union of Writers of Uzbekistan – Bahodir Karim, Dilmurod Do‘st, and Shahlo Ahrorova.

At the beginning of the programme, a tree-planting activity was conducted within the framework of the national Green Space (Yashil Makon) initiative. The invited writers, together with representatives of the University administration, planted new trees on the University campus, combining educational and environmental engagement.

Following the tree-planting activity, the guests and University representatives visited Secondary Schools No. 2 and No. 22 in Navoi City and Secondary School No. 9 in Navbahor District. Educational and literary meetings were held with school students, providing opportunities for interaction between writers, university representatives, and young people. The writers shared their creative experiences and life journeys, while school students presented programmes and activities they had prepared.

3.Open Day for School Pupils

Navoi State University organized an Open Day for graduating students of Secondary School No. 21 in Navoi City as part of its educational outreach and career guidance activities.

During the event, the school students visited and became familiar with key University facilities, including the Main University Building, Registrar's Office, Information Resource Centre, and the Museum of Remembrance of Victims of Repression.

The activity provided school students with an opportunity to learn more about the University's academic environment, facilities, and higher education opportunities. It also supported students in exploring their future educational and career pathways and making informed decisions about their future professions.

4.Sharing Enlightenment – Sharing Books-Educational Outreach Project

As part of the fourth season of the "Sharing Enlightenment – Sharing Books" project, Navoi State University's Faculty of Exact Sciences organized an educational outreach visit to Secondary School No. 9 in Khatirchi District.

The initiative was carried out by faculty members, tutors, and student volunteers from the Young Supporter (Yosh Ko'makchi)volunteer group. During the visit, the university representatives engaged with school students through educational and cultural activities and provided them with approximately 200 books, including works of fiction and poetry, as well as sports equipment.

The initiative was warmly welcomed by the school administration, teachers, and students. By providing educational and reading materials, the project supported students' access to learning resources and encouraged their interest in reading, knowledge, and personal development.

5.”Kindness and Compassion” Charity Event

A charity visit was organized as part of the “Kindness and Compassion” initiative, aimed at supporting children with special educational needs. In Uzbekistan, the education, social adaptation, and professional development of children with disabilities is considered one of the key priorities of the state youth policy and strong social support system.

Associate Professor Sh. Khaydarova and 2nd-year part-time students of the Preschool Education program visited Specialized Preschool Education Institution No. 16 in Navoi city. During the visit, the delegation met with the director, staff members, teachers, psychologists, and defectologists, and familiarized themselves with the institution’s documentation and educational process.

The event contributed to developing students’ professional and interpersonal skills, particularly empathy, communication, teamwork, and social responsibility. It also strengthened cooperation between Navoiy State University and specialized preschool education institutions in the local community.

6. Independence as a Strong Foundation for Development

To commemorate the 35th anniversary of the Independence of the Republic of Uzbekistan, the Faculty of History of Navoi State University, in cooperation with the Lochin Community, organized an educational and cultural event. The event was attended by university students, tutors, and senior members of the local community.

As part of the programme, participants visited the Museum of Remembrance of Victims of Repression, where they learned about the lives and legacy of the Jadids and victims of repression, as well as historical exhibits and archival documents.

A commemorative educational session entitled “Your Name Will Live Forever in Our Hearts” was also held at the Faculty of History. The session focused on reforms implemented during the years of independence, opportunities created for young people, and the importance of peace and stability. Senior community members shared guidance with students on fostering love for their homeland and preserving national values.

OPEN VOCATIONAL TRAINING AND PROFESSIONAL DEVELOPMENT PROGRAMMES

Navoi State University is committed to promoting lifelong learning, professional development, and wider public access to education through a range of short-term, non-degree training programmes. These opportunities are designed not only for university students and staff, but also for school pupils, graduates, independent researchers, job seekers, professionals, and other members of the general public.

The University offers vocational and professional development activities in areas such as foreign languages, academic research and writing, employability and career development, green energy, tourism and heritage guiding, practical skills development, and personal development. Depending on the programme, training is delivered through short courses, workshops, practical sessions, seminars, and hands-on activities.

1. Korean Language Course Open to the Wider Community

Course Information

Programme: Korean Language Course

Duration: 3–5 months

Venue: Navoi State University

Target participants: University students, school pupils, external language learners, and members of the general public

Course fee for external participants: USD 40

Teaching approach: Modern, interactive, and communication-oriented language instruction

Navoi State University has launched a Korean Language Centre at the Faculty of Preschool Education to expand access to foreign-language learning and support lifelong learning opportunities for both university students and members of the wider community.

The Centre offers a structured Korean language course designed to develop participants' practical communication skills. The programme is open not only to students of Navoi State University but also to school pupils, external learners, and members of the general public interested in studying the Korean language.

2. Open Green Energy Training Programme

Course Information

Course: Open Green Energy Training Programme

Venue: Green Energy Scientific and Educational Training Site, Department of Physics and Astronomy, Navoi State University

Duration: Short-term practical training sessions and workshops organised according to the programme schedule

Training format: Practical demonstrations, workshops, and hands-on learning

Target participants: University students, school pupils, teachers, specialists, young people, and members of the general public

Main areas: Solar energy, photovoltaic systems, energy efficiency, smart technologies, and sustainable energy solutions

Access: Open to both university participants and external members of the community

Navoi State University has established a Green Energy Scientific and Educational Training Site under the Department of Physics and Astronomy in cooperation with NAVOIY GOLD LLC. The programme provides practical learning opportunities in renewable energy for university students as well as school pupils, teachers, specialists, young people, and members of the general public interested in green technologies.

3. Open Physics Club for School Pupils

Course Information

Programme: Physics Club for School Pupils

Organiser: Faculty of Exact Sciences, Navoi State University

Venue: Navoi State University, Faculty of Exact Sciences

Target participants: School pupils from the wider community

Format: Extracurricular educational sessions, practical activities, demonstrations, and problem-solving

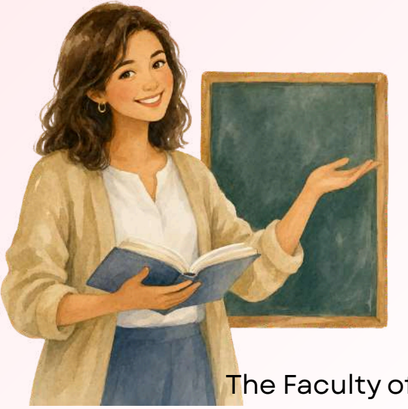

Instructor: J. Abdullayev

Main focus: Physics fundamentals, scientific thinking, practical understanding, and interest in exact sciences

Access: Open to school pupils outside the University

Duration: Conducted within the “Dolzarb 90 Kun” initiative

Purpose: To promote interest in science and provide additional educational opportunities for school-age learners

5. Tourism and Local Heritage Guide Training Course

Course Information

- **Course title:** Tourism and Local Heritage Guide Training Course
- **Organiser:** Faculty of History, Navoi State University
- **Venue:** Navoi State University
- **Target participants:** University students, young people, local residents, and members of the general public
- **Format:** Lectures, practical training, guided-tour exercises, and field visits
- Price: $15

The Faculty of History at Navoi State University organised a Tourism and Local Heritage Guide Training Course aimed at developing participants' practical knowledge of local history, cultural heritage, and tour-guiding skills.

The course was open not only to university students, but also to young people, local residents, and members of the general public interested in tourism, history, and guiding activities. Participants received training on the historical and cultural significance of local heritage sites, presentation techniques, communication with visitors, and the basic principles of organising guided tours.

6.INTENSIVE RESEARCH WRITING COURSE FOR RESEARCHERS AND THE WIDER ACADEMIC COMMUNITY

Course Duration and Schedule
Duration: 4 weeks
Period: September 2026
Session 1: 09:00–10:50
Session 2: 11:00–12:20
Venue: Faculty of Languages, Navoi State University
Target Participants
The course was open to:
university teaching staff;
master's students;
doctoral researchers;
independent researchers working outside Navoi State University;
other individuals engaged in academic research.

The main purpose of the course was to develop participants' practical skills in preparing high-quality academic research in accordance with international academic standards. During the programme, participants studied the fundamental principles of research writing, academic structure, research organisation, and the preparation of scholarly work.

Navoi State University has maintained long-term academic cooperation with Professor Viswanathan Gopalan from Singapore, who has regularly contributed to the professional development of researchers through intensive training programmes in research methodology and academic writing. As part of this continuing cooperation, in September 2026, Navoi State University organised a four-week intensive course on academic research and research writing. The programme was designed for individuals actively engaged in research and was open not only to members of the University but also to researchers working outside the institution.

LEARNING

KNOWLEDGE DEVELOPMENT

Conclusion

Navoi State University (NSU) demonstrates a profound institutional commitment to Sustainable Development Goal 4 (Quality Education) by delivering inclusive, high-quality, and innovative educational opportunities for students, educators, and the broader regional community.

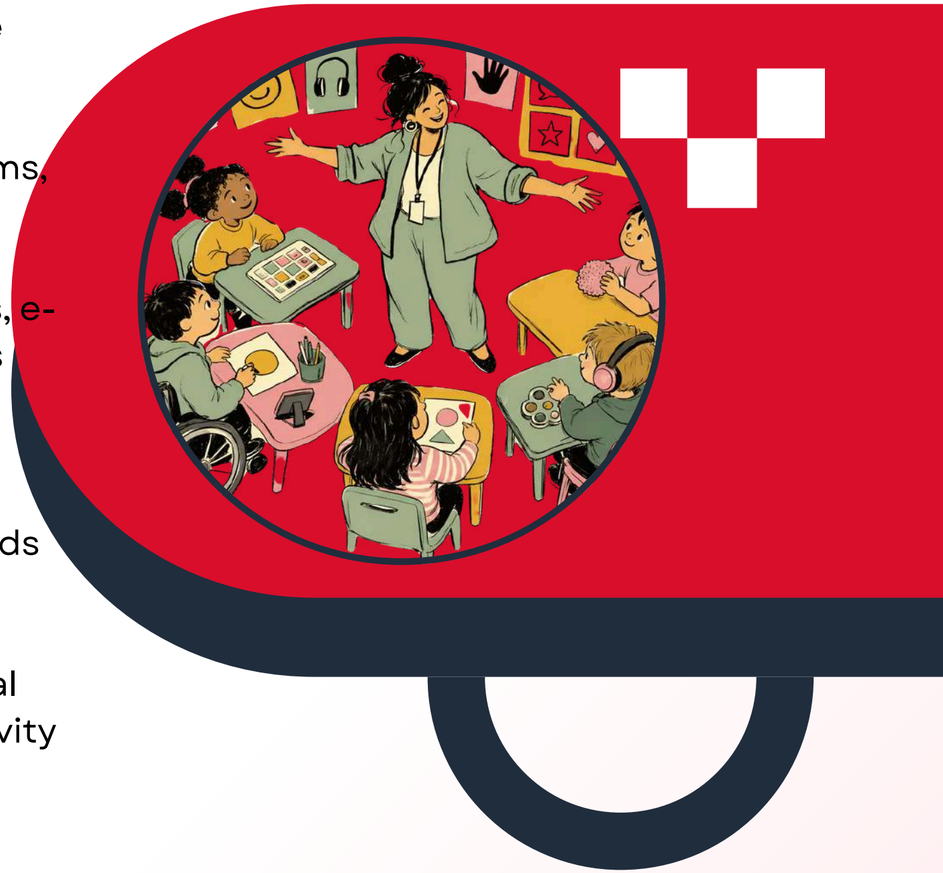

Key achievements and strategic educational initiatives include:

Inclusive Access & Equity: The university ensures equal educational participation and comprehensive support structures for students from diverse backgrounds, remote districts, and vulnerable socioeconomic groups, fostering an equitable learning environment.

Modern Curricula & Academic Rigor: NSU continuously modernizes its degree programs, teaching methodologies, and research standards to align with international higher education benchmarks and regional labor market demands.

Digital Integration & Innovation: Through the implementation of advanced digital tools, e-learning platforms, and innovative pedagogical management frameworks (such as digital resources and modern educational technologies), the university enhances teaching effectiveness and student engagement.

Lifelong Learning & Professional Development: By providing continuous education programs, teacher training, and community-oriented learning workshops, NSU extends its educational impact well beyond the traditional campus environment.

In summary, Navoi State University serves as a leading regional center of educational excellence, combining academic innovation, digital transformation, and social inclusivity to empower future generations and promote lifelong learning.
